

January 16, 2025

Dear Patient,

We are writing to inform you of an important change regarding your healthcare coverage at Sierra View Medical Center's, Outpatient Departments (Cancer Treatment Center, Multi-Specialty Clinic, Wound Care and Urology). Effective **February 28, 2025**, we will no longer be contracted with **Imperial Health Plan of California**. As a result, we regret to inform you that we will be unable to provide care under this insurance plan after this date.

We understand that this change may cause inconvenience, and we are committed to assisting you during this transition. You may wish to:

1. **Contact your Primary Care Physician** to discuss referrals to other providers in the specialty you are receiving care.
2. **Contact Imperial Insurance** to explore other providers within their network who can continue your care.
3. **Contact a Medicare Case Manager** to share this notice and explore other Medicare options that allow you to stay with our providers.

Please feel free to reach out to our offices with any questions or concerns. We want to ensure your treatment is as seamless as possible during this transition.

Sincerely,

Sierra View Medical Center
