4. Run the program when Finished Downloading.

For macs, drag the	e VMware	icon over into your applications shown here:
		VMware Horizon Client
	×	3 items
		VMware Horizon Client +
		VMware Horizon Client
	VMware Horizon To Inst Pour Pinstallation	A Client Client, drag the Icon to the Applications folder. de VMware Horizon Client, faites glisser l'icône vers le dossier Applications.

Select "Restart Now" when prompted to complete the installation.

5. After reboot, launch Omnissa Horizon Client. The icon is shown below.

- 6. Select "Add Server"
- 7. Type in "<u>remote.sierra-view.com</u>" and click connect:

8. After connecting, you should be prompted to login with your SVMC credentials, which will then allow you to select your desktop.

9. Before clicking on your desktop right click on the Icon and make sure VMware Blast is selected. (This will only need to be selected one time during installation)
